Dear Sir:

This Request is filed under 37 C.F.R. § 1.322 and MPEP § 1480 to correct the presentation of the drawings as shown in the above referenced patent.

At the time of filing the original patent application with the U.S. Patent Office, informal drawings were submitted. Not until such time as the Notice of Allowability was mailed did the Examiner indicate acceptance of the informal drawings as filed. However, the Examiner should have objected to the drawings under 37 C.F.R. 1.84 as non-conforming with respect to the margins (drawing pages containing Figs. 1 – 4, and 11), selected reference characters not plain and legible (Figs. 2 and 3), and stray markings (Fig. 15).

Patentee requests this opportunity to submit the formal drawings enclosed herewith correcting the informalities referenced above. Patentee respectfully requests a Certificate of Correction or reproduction of Letters Patent for Patent No. 6,892,834. Patentee also encloses herewith its original Letters Patent No. 6,892,834.

Pursuant to MPEP § 1480, Patentee believes that the Patent Office made a mistake in not requiring submission of formal drawings at the appropriate time. However, should it be determined otherwise, the Commissioner is hereby authorized to charge any required filing fees or credit any overpayment to Deposit Account No. 01-0477.

Applicants respectfully request granting of this Request and presentation of the formal drawings in either reproduction of Letters Patent for U.S. Patent No. 6,892,834 or by Certificate of Correction.
